PROFESSIONAL OBJECTIVE

Entry-level software developer skilled in Java, Python, and C, with hands-on experience in Spring Boot, Django. Built full-stack web apps and basic ML tools through academic projects. Strong foundation in data structures, APIs, and debugging. Eager to contribute to backend and full-stack development roles.

EDUCATION

Sri Siddhartha Institute of Technology

Bachelor's of Engineering in Electronics and communication Engineering
9.47 CGPA

sep- 2023 - July 2027

Tumkur

Courses: Java Programming, Python Programming, Data Structures & Algorithms, Machine Learning

Govt P U College,Huliyar-Kenkere

Pre-University College

jul 2021 - Apr 2022

Huliyar

Percentage 89.33

Physics, Chemistry, Mathematics, Biology

SKILLS

Programming Languages: Java(DSA), Python,C,

Web Technologies: HTML, CSS, Django

Frameworks & Tools: Spring, Spring Boot, Git/GitHub, Docker, FastAPI,

Data Visualization & ML Tools (Basics): NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn

EXPERIENCE

TNS India Foundation

- Undergoing training in aptitude, technical, and soft skills to enhance placement readiness.
- Participating in mock interviews and group discussions to improve communication and problem-solving skills.

March-2026

Code bizz Coding Competition

- Secured 3rd rank by solving coding and logical challenges efficiently.
- Demonstrated strong problem-solving skills and understanding of programming fundamentals.

March-2026

IIT Robotics Workshop

- Attended a hands-on robotics workshop, gaining exposure to sensors, microcontrollers, and embedded systems.
- Worked on basic robotic models and learned practical implementation of concepts.

Jan-2026

PROJECTS

Student Academic Helper Chatbot

- Developed an AI-based chatbot to assist students with academic queries and provide quick, accurate responses.
- Applied NLP techniques to understand user input and generate context-based answers.
 - Built backend logic using Python for efficient query processing and data handling.
- Designed a simple and user-friendly interface for smooth interaction.
- Enhanced system performance through testing and optimization.

Dec-2026

Online Code Compiler and Editor

- Developed a web-based platform to write and execute code in multiple languages like C, Java, and Python.
- Integrated APIs for real-time code execution and output display.
- Designed a simple and responsive user interface for smooth coding experience.

Jan-2026

CERTIFICATIONS

Java Full Stack Development

TNS India Foundation

Certified in Java,Core Java 8, JPA with Hibernate, GIT, Spring 5.0, Spring Boot, HTML5, CSS3 ,SQL and Soft-Skills

march-2026

ADDITIONAL INFORMATION

- Secured 3rd Prize in Code Bizz, demonstrating strong problem-solving and coding skills.
- Earned certificates from TNS India Foundation for active participation and skill development programs.
